1 The Fruit of Doom

In the beginning there was nothing, everything was bare
So I'll wait for Six Days and start this Story there,
The first Six Days were markers for knowledge that was hidden
In the Genealogies, see nothing is forbidden,
No the Story does begin when God brought forth the Rain
And made himself a Garden, Eden was its name.

Chorus

God formed a Garden with His mighty hand
And then created Adam so he might tend the land,
Out of dust He made him, suited for his role
For God breathed life into him, he had a living Soul.

Now in the Garden of Eden there was every Tree
And every Fruit imaginable as far as you could see,
But it needed tending to stop it growing wild
To keep the place in order, so it's not defiled,
So God created Adam with this thought in mind
He made him out of dust, the one thing he could find.

So God said unto Adam "This is what I'll do
All that I have created I'll give it unto you,
You may eat of any Fruit, well except that Tree
For if you ever touch it you'll find mortality,
Go ahead, enjoy yourself that's what life is for
Just leave the Tree of Knowledge or you'll be no more."

2 The Missing Link

Adam sat upon the floor having ate his fill
But now that he was sated he had time to kill,
Boredom soon set in, loneliness was a foe
So he looked to God to help him out his woe,
Sure he had food, a multitude of feasts
But what he needed was companionship so God created Beasts.

Chorus

Life without love ain't life as such
Insular living don't help you much,
You might think you're happy but that's not the case
You go through life empty and solitude face.

Adam still wasn't happy boredom wouldn't abate
No what he really needed was to have himself a Mate,
So God put him to sleep and took away a Rib
Eve was now his point in life, she became his nib,
Now he had a friend he found happiness
And the fruitful Garden became a place of bliss.

Yes life without a Partner truly is a grind
Part of you is missing, a part you have to find,
Never get disheartened or you'll end up in defeat
Soon you'll find the right one and life will be complete,
Then you'll get your Rib back and once again be whole
You'll find a life of service and love to serve that role.

3 The Snake in the Grass

Now of the Animals God created the Serpent was most cunning
When it came to beguilement its powers they were stunning,
It could wrap a Tale around you, one you would believe
For when it spoke with forked tongue it had the power to deceive,
Eve had no chance for the Serpent was too slick
No come to mental powers I'm afraid that Eve was thick.

Chorus

Eve what can I tell you, you poor misguided lass
You've made a rotten friend, a Snake in the Grass,
It will lead you astray, take you on a dance
Though some good may come out of it, you'll lose your ignorance.

He slid over to Eve one day and asked her what she ate
And she answered him not knowing he had hate,
"All the Fruit in the Garden, well except for one
For God had willed it so and He's not one to con,
The Fruit He had forbid us there is a reason why
If we ever took it then surely we would die."

The Snake said "Foolish Child you will never die
The only thing that Fruit will bring is the power to question why,
You'll know good from evil and become like Him
Leave that Fruit upon the Tree and always you'll be dim,
Go and see Adam, he will think it through
Now if you'll excuse me I've other things to do."

4 The Rotten Apple

Eve went to Adam and took him to the Tree
She told him take some Fruit for that would be the key,
He'd know good from evil and become a better man
God really wanted it, it was part of His great plan,
He might say He didn't but that was just a test
You have to use initiative to truly know what's best.

Chorus

Adam watch this Woman she was created to deceive
She's actually the Serpent you only think she's Eve,
Don't let her beguile you even though you should
If you really knew the Story you'd know that you could.

Adam was confused, it was beyond his understanding
Because he had not had the Fruit it was too demanding,
Did God want him to have it, it didn't make sense
And to say it was a test was hardly recompense,
He had to have a think so he sat upon the ground
For come to mental judgment it was the best place that he found.

Eve saw him sitting down and knew she'd nearly won
Just one final point and she knew it would be done,
"Look at all the Fruit and it's only going to waste
It's a crying shame as its truly to your taste,
God will never miss one not amongst that mass
I'll leave you there awhile soon all doubt will pass."

5 The Naked Truth

Adam sat upon the ground looking at the Tree
Knowing that to eat the Fruit was going to set him free,
He also knew it was forbidden God had willed it so
So it was quite a choice, which way would he go,
Eat the Fruit and become like Gods with the power of discernment
Or remain where he was and suffer life internment.

Chorus

Adam, Adam, what will you do
The Price of freedom could be one you'll rue,
For although it will make you a clever bod
You might evoke the wrath of God.

Eve said it would be alright on the Serpents say
God would never miss one, it would be okay,
For the Tree bore heavy fruit, too many to count
Who could really know for sure what was the correct amount,
But God must know everything, that's what Adam thought
And to take a chance and steal one could be danger fraught.

Adam got upon his feet to take a closer look
God would never miss one, Eve's logic had took,
Gingerly he picked one freedom was in sight
First he took a smell and then he took a bite,
A loud bang, a blinding flash, now not being rude
Adam looked upon himself and found that he was nude.

6 The Naked Uncivil Servant

Adam came across Eve, he was in a foul mood
"What is it you've done to me, look at me I'm nude,"
Having found Self Consciousness was a nasty fright
And mixed with his confusion it was a darkened Night,
"You told me if I ate the Fruit it would make me wise
But all I have is nakedness, damn you for your lies."

Chorus

Adam man, what have you done
with Self Consciousness life isn't fun,
you'll fret about such mundane things
and dread your life for what it brings.

"Adam what's the matter? Now you're truly free
It's not that you are naked, it's just that you can see,
The wisdom that you have, well it can't be beaten
I know it for myself as I've already eaten,
Now you see more deeply you have the understanding
Believe me life is good you'll find it less demanding."

"But look at me I'm naked, what about my shame
And it's because of you, you're the one I blame,"
"Don't be silly Adam, I'm your friend and lover
Take this Fig Leaf here and use it as a cover,
Life isn't complicated now that we are clever
Just a little thought and it's less of an endeavour."

7 The First Day at School

Adam now was pacified well except one fear
He heard the voice of God, that meant that He was near,
He and Eve hid themselves thinking it was best
Hoping God would go away, a most unwelcome guest,
But God He was persistent and called them once again
They would have to show themselves and maybe suffer pain.

Chorus

Adam, Eve, you think you've won
But retribution must be done,
You went against the Lord God's will
And now you'll have to pay the bill.

Adam and Eve revealed themselves, hung their heads in shame
Saying that their nakedness was the thing to blame,
God knew they had took the Fruit it was written in their face
So with hardened heart He threw them out the place,
He cursed them to mortality and cursed the Serpent too
He turned them all against each other before His wrath was through.

What the Story's saying is Man evolved free Will
Just a natural progression, no need for Anger's ill,
Out of Eden they did go it was just a state of mind
Think of Instinct Living for that's the answer you will find,
You see with this evolution they had actually won the cup
But what loving Father wants his Children to grow up.

8 The Garden of Eden Epilogue

Now in the Garden of Eden there was the Tree of Life
A very special Tree that could take away most strife,
It had a special purpose that would fill you with vitality
Should you eat its Fruits you would forsake mortality,
I don't mean that you'd die, that's a fool's endeavour
No what I'm actually saying is that you would live forever.

Chorus

Kabbalists across the World have long sought out this Tree
Knowing that to take the Fruit was going to set them free,
Now the last line of this chorus you might find demanding
The Stages of the Tree of Life are the Levels of Understanding.

God in His great wisdom thought Man wasn't ready
You see come to evolution it's got to be quite steady,
Man was in his infancy, his judgment was a haze
He still had much to learn, he had his Salad Days,
So the Tree of Life, it had to be protected
Especially from Man, whom He'd just ejected.

So to the East of Eden he placed a flaming Sword
Which turned every way of its own accord,
Guarded by a Cherubim, it left a nasty burn
Put there for a reason, to stop Man's return,
Quite a potent thing, it did very well
No one's ever crossed it, well and lived to tell.

9 Epilogue Explained

So the Flaming Sword, what's all that about
I think it may be time to give your reality a clout,
In the World of Symbols the Sword becomes your Mind
And after a Baptism of Fire purification is what you find,
Fire is your Imagination so you have a balanced face
And that's the only way to get back in the place.

Chorus

The Flaming Sword is a balanced Mind
One that discerns an occult blind,
With this Sword you cut the Tree
And then you can live for eternity.

Now to get to this Sword you undergo a test
Well not strictly true it's a Spiritual Quest,
It's sort of a Grail Story if you want to know the truth
And the outcome of this story, you get Eternal Youth,
But Man's quest for Enlightenment sometimes goes off track
You follow the wrong Canons and soon a quest you lack,

So these mild diversions we call them occult blinds
They are put in place to eke out feeble Minds,
Well that's on one level for they're actually a test
To build up your discernment so you might know what's best,
You see with this discernment you're ignorant no longer
And not only that your Mind also gets stronger.

10 Jeepers Keeper, You Ain't the Grim Reaper

Adam and Eve got together and had themselves a Son
They must have liked the idea for they had another one,
The first one was called Cain and the other known as Abel
Two different types of Man that graced the family table,
Cain would till the land, the Fruit of which he'd keep
And Abel was a Shepherd who took to keeping Sheep.

Chorus

What are you doing Cain that man is your Brother
There's no reason on this Earth that his life you have to smother,
When did harvesting the land make you the Grim Reaper
Especially when you admitted that you were not his keeper.

Well time came to pass when they had to show their labour
So unto God they went hoping to find favour,
Abel got a blessing much to Cain's great woe
Who took it on himself that Abel, he must go,
So Cain did murder Abel after talking in a Field
Then he hid the body, underground concealed.

When God heard the news, He went up the wall
He sent Cain out to Nod and a curse on him did fall,
Though on him He took pity and so He left a Mark
That any one that harmed him would have a life that's stark,
So God must have forgiven Cain for his gross deception
For he ended up with Divine Protection.

11 Cain and Abel Explained

Sometimes in the Scriptures things are not how they seem
Take Cain killing Abel it has a different theme,
To kill in this story really means to obtain
You have to read it deeper to get its real gain,
No seriously it's true, with you I am not messing
You see when Cain killed Abel he actually got God's blessing.

Chorus

Genesis is symbolic in a literal way
Read it with that knowing and it has a different say,
Some people reading this might find it demanding
But go ahead and try as it will increase your understanding.

Now when he got God's blessing he became enlightened
He was a son of God and so not easily frightened,
He had divine protection and so everyone would know
God marked him out as special, he had a Halo,
Anyone who saw him knew he had God's light
For it was easily seen as it made his face go bright.

Also though with Cain he now had a quest for knowledge
So he headed off to Nod as he had heard they had a college
No not really true it's just that Nod was to the east
It was where the Sun rose so on light he could feast,
Yes come to decoding Genesis it can be a tricky devil
It could take your understanding to another level.

12 Another Level

Adam on another level was a different type of Man
Homo Erectus was actually his clan
When God took away a rib another Man evolved
Homo Heidelbergensis, there problem solved
Well not quite as Eve had another three
Denisovans, Neanderthals, that just leaves you and me.

Chorus

Genesis to truly know can be so demanding
Cain you see was the Will to Seth the Understanding,
Abel was God's Purpose which Man quick forsook
It works on many levels, really quite a Book.

Now Cain as a Species we actually know his name
Well not strictly true but Homo Sapien is his fame,
He merged with the Neanderthal forty centuries ago
Or you would call him Seth if you were in the know,
This mergence you see was an event straight out of history
So how it comes to be in there is really quite a mystery.

Finally on this mergence it talks of Gods and Men
And also sons and daughters so its confusing then,
The Gods are easily sorted though as they were the sons of Cain
But why only Seth's daughters, were his sons too vain,
Here's an interesting suggestion, ponder for a while
Maybe just like what's happening to us, they went sterile.

13 Noah's Lark

Many Generations did pass, Man fell to wicked ways
So God in His great wisdom decided to end their days,
Man had abused His trust, he could not sink any lower
Though there was a Ray of hope, He saw the Light in Noah,
Noah was a good man who followed God's way
He was just and honourable and with a humble say.

Chorus

Noah you're a lucky man in God's eyes you've found favour
You are not like the others, you have a different flavour,
They just crave for Earthly things, follow their desire
But you'd rather walk with God then walk in hell's fire.

God went unto Noah and told him of His plan
To send a great flood to cleanse the Earth of Man,
He said that Man was corrupt, rotten to the core
But Noah would be safe for he knew what for,
He must build himself an Ark, one of a great size
He was even given measurements God thinking it'd be wise.

So Noah got to work on crafting the craft
And everyone who saw him thought that he was daft,
A Boat in the Desert, sure there's no demand
I mean what's it going to float on all there is, is sand,
Yes to all who saw it, it gave them quite a laugh
Content in their ignorance of their impending bath.

14 And the Rains Came

The Ark was quickly built, Noah was not alone
He had three strapping Sons, each one fully grown,
They each had a passage to escape the Flood
For God had saved them too, knowing they were good,
Shem and Ham and Japheth know them by their fame
For they were like their Father, genuinely free from blame.

Chorus

Noah scratched his beard and looked up at the Sky
The Clouds were turning angry, many were to die,
Suddenly a loud bang and Water everywhere
He looked down at the misery and must have felt despair.

Then God said unto Noah "Turn this to a Zoo
Fill it full of Animals unclean ones Two by Two,
Clean ones by the Seven both Female and Male
And the same with Fowls then make haste to sail,
For the Rains are coming heavy, quickly you will see
And when they actually get here, on dry land you won't be."

So Noah did God's bidding and soon the Ark was full
Every type of Animal from a Mosquito to a Bull,
Sure they made for quite a smell but Noah did not mind
He was happy to be safe from a World that was unkind,
As the Rains started, he battened down the Hatches
Secure in the knowledge he had the strongest Latches.

15 The Flood

The Rains came for Forty Days and soon the Earth was covered
The highest Hills and Mountains too all of them were smothered,
Life that was outside the Ark was life no more
Everything fell victim to the great downpour,
The Earth was being cleansed by the Water's flow
Everything that was surplus, well it had to go.

Chorus

God gave you everything and yet you let Him down
So now with hardened heart He's going to let you drown,
You desecrate His very being with your evil way
Now I'm afraid you'll have to die, that's the Price you'll pay.

Many days were to pass before the Flood subdued
Then Noah searched for dry land and perhaps a little food,
He sent a Raven and a Dove to have a look around
But only the Dove returned dry land was not found,
He sent it back the following week, this time with success
For the Dove returned with an Olive Leaf, the Water was now less.

The land dried out eventually and the Ark went to ground
Noah built an alter and God's gratitude he found,
He said the Floods would be no more, Man had one less foe
And to prove He was good to His word He made a Rainbow,
Noah then lived happily for many, many years
And the Flood became a memory of God's abundant tears.

16 The Flood Explained

The Flood in Mythologies is quite a common theme
But how does it equate with the actual Historical scheme,
Did it really happen and what was its extent
And was it retribution being Heaven sent,
If you understood Mythologies you would know it as a fact
You could even put a date on it if you want to be exact.

Chorus

Mythologies across the Globe talk of a great Catastrophe
Which though it did not destroy the Earth it brought it to one knee,
It was not just a local thing it was actually Worldwide
So basically where ever you were from it you couldn't hide.

The Story of Atlantis could actually help us with a date
Because there is a good chance it was then it met its fate,
Some say it is fictitious but I'll keep an open mind
And use it anyway as it will help the story bind,
Solon put a date on it to help us with the flow
Work it out to modern times it was 12,500 years ago.

And as to the Flood's cause I would like to chance a guess
Hopefully it might be true as the point needs some redress,
The last Ice Age put the Earth on a false spinning course
It's weight and displacement was the driving force,
But as the Ice ebbed back the weight rapidly diminished
Until the Earth broke free, there you go I've finished.

17 Noah's Whine

A footnote to this Tale concerns the planting of a Vine
And how Noah got naked after drinking too much Wine,
It is a strange story of that I will relent
But he was found by Ham, sleeping in his Tent,
Ham did no more than go and tell his Brothers
Fearing that his Father might be found by others.

Chorus

Don't whinge to me because you've had too much Wine
And then go out and blame others of your line,
A drunken nights session must have been quite lewd
What other explanation as to why you're in the nude.

Well the news once related raised up quite a storm
And also some reluctance to see Noah's naked form,
So the Brothers got a garment thinking it was wise
Going in the Tent backwards and diverting their Eyes,
They covered up his naked form thinking it was best
Then left him there in peace, to continue his rest.

When Noah came round he knew that Ham had done him wrong
So he cursed Ham's Son to servitude which was perhaps a little strong,
It was not all bad news though as there was a blessing
Shem and Japheth both for helping with the dressing,
Canaan would serve them now they dwelt together
So because of Ham's recklessness Canaan got a tether.

18 The Bottle Opened

Some tales in Genesis will have hidden meanings
And being Esoteric they'll have Spiritual leanings,
It's all to do with purpose, that's the thing you serve
It gives your life new meaning and your Spirit verve,
So a curse becomes a blessing if you want the real truth
Just understand the words it's not something aloof.

Chorus

Noah is Enlightenment if you need recompense
So to see him naked means in its purest sense,
Ham is a Spiritual Life which is the road he trod
And Canaan is for service as it means the Will of God.

So when Ham saw Noah naked he truly was Enlightened
His Spiritual Understanding now was somewhat heightened,
That was Shem by the way if it will help you out of strife
For written out in long hand it means Spiritual Understanding(through life),
This is served by a Will of God to promote its Mental Health
You see what it is in essence is Knowledge of the Self.

So finally Japheth which means the Spiritual Word
Once you understood it, it became your gird,
It's served by a will of God once it has been chewed
That's what it is in essence as well as its food,
Well looking at the Story it wasn't that demanding
From an Enlightened Spiritual life you get a deeper understanding.

19 What you Babbling on About?

Now Man grew in number and decided to go West
They settled in the Land of Shinar thinking it was best,
They decided they would build a City, Babel was its name
You know the one I'm talking about of the Tower fame,
They started making Bricks for this great adventure
And erecting the great Tower not fearing God's censure.

Chorus

What is it with you Man, will you never learn to cower
It's only that pride of yours that wants to build a tower,
You want to get to Heaven just by Bricks and Mortar
I'm afraid it's not like that so your Language God will slaughter.

Well the Lord came down from Heaven to have a look around
To check on work in progress, He was dismayed at what He found,
A Tower up to Heaven, was Man really that vain
For if they ever got there it would only end in pain,
With nothing to restrain them they'll have too much energy
And Man being man is his own worst enemy.

So the good Lord in His Wisdom decided to react
He needed to confound them, that's a cold hard fact,
As they spoke in one Tongue, they had mutual understanding
So He took that Tongue away and life got more demanding,
Now they spoke in many Tongues, that was their reward
And just to make it even harder He scattered them abroad,

20 Babel Explained

Some people see the Story and think it's plain to see
It is just a Tale of how Languages came to be,
And looking at the passage the argument is strong
But look a little deeper and you'll find that they are wrong,
Now what I'm going to tell you, you'll think the height of the absurds
The Language I am talking about is the Language of the Birds.

Chorus

Occultists crave for knowledge of the Esoteric kind
For it has the power to blow a mortal Mind,
It's the only Language that truly is worth knowing
And by understanding it the Tower keeps on growing.

So this hidden Language then, how would I define
What it actually is, is Knowledge of the Divine,
That's what builds the Tower, I think that's what you find
And the Heaven that it climbs to is a state of mind,
A Oneness with the Universe you become a caring bod
Another expression you would use would be walk with God.

So this knowledge was hidden to keep us out of strife
One example of it would be the Tree of Life,
Hidden in Genesis so quite a good example
But other Mythologies have it so it's just a sample,
It was hidden by Evolved Man, not controlled by Pride
Who saw what Pride could do so from it they would hide.

21 a The Alphabet of Symbols (concealed)

Now I mentioned earlier if you may recall
About certain knowledge that was hidden from all,
It was the Genealogies, the Six Days of Creation
But there's also extra passages to enhance your frustration,
One I'll now reveal so you might get the gist
So listen very carefully, you'll be surprised at what you missed.

Chorus

The Alphabet of Symbols is not that demanding
It was put in place to promote your understanding,
Each letter is a word and each name is a phrase
If you can read between the lines it is a deeper phase.

Terah Begat Abram, Nahor and Haran
Who had Children of his own to prove he was not barren,
Lot, Iscah and Milcah, know them by their fame
Though Milcah married Nahor to keep the Family name,
Abram married Sarai to finish off the story
Then put them all together and revel in their glory.

I'll write it out long hand though I'm pushed for time
So it'll be in prose form, I'm afraid it will not rhyme,
I've also put in brackets where there was a need
Hopefully with that done it will be easier to read,
I think that it's straight forward hope that you agree
You'll find it in the numbers, under 21b.

21b The alphabet of symbols (revealed)

FROM WISDOM(through knowing God's spirit)**YOU GET GOD'S SELF**(knowing God's life)**AND THE SPIRIT OF GOD**(knowing God's light) **WHICH GIVES YOU GOD'S PURPOSE**(seeing wisdom),**A LIFE BLESSED WITH GOD'S PURPOSE**(will of God's spirit)**AND BLESSED WITH UNDERSTANDING,A WILL OF GOD'S SPIRIT.**
GOD'S SELF (knowing God's life) **IS MARRIED TO UNDERSTANDING GOD**
(knowing God's blessing)
LIGHT (God's spirit seeing knowing) **IS MARRIED TO A LIFE BLESSED WITH GOD'S PURPOSE** (will of God's spirit)

22 Dutch Courage

Now the Lord said unto Abram "Time that you moved out
There's a great big World out there that you don't know about,
You must leave this Country and your kindred too
But don't be disheartened you'll be a Nation before I'm through,
Seriously no joke, I'll prove that I'm not messing
I'll tell you what I'll do, you can have a blessing.

Chorus

When life to you seems full of hate
And problems caused will not abate,
When negative actions control your state
Seems to me you've upset fate.

"A blessing did you say, whatever can you mean
And how am I to manage when the World gets lean,"
"Fear not Abram, you are under my protection
That's the blessing I mean, quite a good selection,
Anyone who treats you well to them I will repay
And anyone that does you wrong, well what can I say."

So Abram was blessed through fate
To help survive in a world of hate,
All actions were repaid in kind
It sort of gave him peace of mind,
For knowing that God's got your back
Believe me courage you won't lack.

23 The Wandering Jew

So Abram began his journey in the best of health
He took with him his Servants and material wealth,
He also took his Wife and his Nephew too
and ventured into Canaan, the original wandering Jew,
There on the Plain of Moreh he settled in a clearance
and waited patiently for God's next appearance.

Chorus

Abram was a nomad when all said and done
He liked to travel round and see the land he's won,
He rarely settled down, that was never meant
All he wanted was a patch of land, a place to pitch his Tent.

God came unto Abram benevolence in hand
"See all of your Children, they can have this land,"
Abram now was happy with Providence divine
To commemorate this gift it was here he built a Shrine,
He then went to the Mountain and there he pitched a Tent
And built another Shrine, he just could not relent.

Abram then journeyed south to a land in pain
And if you want to know the culprit, Famine was to blame,
"Are you losing weight?" was a question often quipped
So Abram thought it prudent to visit Egypt,
He was a little worried though, he feared he'd lose his life
Guess that's the only drawback of having a beautiful Wife.

24 Egyptian Flew

Abram hatched a plan to help him out of strife
He abandoned Sarai, she was no more his Wife,
She was now his Sister, well that's what she would say
A travelling Spinster, what a price to pay,
But come to judgment Abram proved fair
For when she came to Egypt she caused quite a stir.

Chorus

Abram you bad man living life a lie
And with God's protection, might I ask you why,
You won't come to harm, you've been guaranteed
I thought with God's blessing all fear of death was freed.

Sarai's radiant beauty soon caught the Pharaohs Eye
And come to the art of courting he was not found shy,
He showered them with Gifts to try and win her over
So where there once was Famine now they were in clover,
Think that they were grateful, no, not on your life
The Pharaoh got no thanks, all he got was strife.

The Pharaoh quickly wised up and saw through Abram's lie
He summoned him before him wanting to ask him why,
Abram just went quiet, thinking it was wise
He did not have an answer, caught out by his lies,
The Pharaoh sent him on his way with his stuff intact
Thinking it was wise, no punishment to exact.

25 Divide and Rule

When Abram left Egypt he was pretty rich
Laden down with cattle he quickly found a hitch,
His Nation now was many it was getting out of hand
Far too many people to be supported by the land,
Strife it was erupting all over the place
As Lot and Abram's Herdsmen fought for their own space.

Chorus

Too many People and not enough land
Seems to lead to war to cope with this demand,
Man in his natural state is a prolific breeder
Though to compensate this he can be quite a bleeder.

So Abram said to Lot "Enough of this derision
We're getting over populated and need to have division,
I will take my Cattle and head off to the right
You go to the left, there's no need for a fight,
If you prefer the right then that's alright with me
There's a big old World out there, as far as you can see."

Well Lot chose the Plain of Jordan seeing it as lush
He bid goodbye to Abram and started of his push,
He dwelt in the Cities despite their evil ways
Guess when it comes to business anything pays,
Abram dwelt in Hebron on the Manre Plain
And God gave him more land just to ease the pain.

26 Chapter 14

Quite an unusual Chapter the battle of the kings
It's actually a vehicle to encode hidden things,
Some people think it happened and maybe it is true
For when it comes to war it's surprising what men do,
And if that's the case that's not my jurisdiction
I'm only really here to understand the fiction.

Chorus

Hidden knowledge is all around you only have to look
Yes come to cryptic clues it's really quite a Book,
It can tell you one thing although it means another
It can be pretty lateral, your logic it might smother.

Now as to the knowledge I won't go into detail
I've covered it elsewhere so you've had it retail,
What I will say though to help you get to base
Is understand the Symbol behind the King's face,
A King is a ruler that is his domain
Find out what he rules it might just ease your pain.

I'll give you one example as I'm a generous fellah
It concerns a man called Zoar who was King of Bela,
Understanding what it means will help you with your growing
You see Zoar is a Mind that sees God's knowing,
Bela stands for Self through God's Purpose and God
This serves the Mind, aren't you a clever bod.

27 God is Love

As time went by Abram got moody
For having no heir was leaving him quite broody,
So God said unto him "Look up into the Heaven
For what I now will tell you will get your Spirit leaven,
See all those Stars, that's the number of your heirs
And they all shall flower, none of them are tares."

Chorus

To get anywhere in life a sacrifice is needed
That's just basic wisdom yet rarely is it heeded,
You have to give to get I'm afraid that is the way
Whether time, money or will you'll always have to pay.

God then spoke to Abram "Take my advice
It might be a good idea to make a sacrifice,
It's just a Spiritual Law you have to give to receive
It's not for adoration, I'm not here to deceive,
Here's a list of things that will help you on your way
Just work out the symbolism then you can make it pay."

Abram made the sacrifice as his Lord had bid
Then he worked the Symbols out, yes that's what he did,
It was quite a struggle, really quite a fight
But it came good in the end for he saw the light,
And if you want to know the Symbols there's nothing underhand
Then you'll be like Abram and own a lot of land.

28 The Other Woman

Now Sarai felt guilty at the fact of being barren
So she summoned Hagar surrogation was her plan,
Abram could be a Father to help enhance his life
It would just be with Hagar, he could take another wife,
She must have been a looker for Abram agreed
And got straight down to business, anxious to succeed.

Chorus

Abram you lucky man
was Two Wives in you plan?
The trouble is there is a flaw
you now have an extra Mother in Law.

Now Hagar quickly conceived and it changed her view on life
She was not a Maid, she was now a Wife,
She started to despise Sarai for her barrenness
So Sarai went to Abram who cared for Hagar less,
"Give her a few slaps, make her know her place
Don't touch the body though, go straight for the face."

Hagar soon took umbrage and thought her treatment slack
So she ran away until an Angel said "Go back,
You shall have a Son, Ishmael is his name
He will cause a stir, a wild man is his fame,"
So Hagar went back, her ambition now decayed
Though she was his Wife she also was a Maid.

29 God is Light

The thought of being a Father brought joy unto his name
Now no longer Abram, Abraham was his fame,
Though there was a downside, much to Gentile derision
He had to undergo a thing that's called circumcision,
Not only him though the rest of his clan
So as you can imagine he was not a popular man.

Chorus

The Symbols that he killed were aspects of his Mind
Basically his old Self, you could say his mortal bind,
He sacrificed his old Self and was Spiritually reborn
But as to what the symbols mean that will be your thorn.

So on this circumcision there's a little more to say
For listening to this Story it seems a heavy price to pay,
The Foreskin is your Ego, your Self-Consciousness
Which to a Spiritual Mind is something that is surplus,
The deed was actually done when the sacrifice was made
The circumcision was a reminder the price that must be paid.

More good news for Abraham came, he was to have a Son
I'm not talking about Ishmael I mean another one,
Sarai in her old age found she could conceive
So she had a change of name if you can believe,
She went and lost her Ego(I) and was Spiritually reborn(H)
Oh yes come to life we are but just a pawn.

30 God is Power

The Lord sent down Three Angels so Sarah might know
Abraham knew them straight away, he recognised the glow,
So he washed and fed them as any Neighbour would
Then he called for Sarah and told her that she could,
Sarah did not believe him, she was far too old
Though a little kick inside her told her she struck gold.

Chorus

It's nice to have good Neighbours, well that's what I've found
I don't want them too noisy it disrupts my piece of mind,
Neither are they selfish, just how it should be
No the attitude of sod them from that I'll quickly flee.

Now Abraham was a good Neighbour but others weren't the same
They followed evil ways and lived their lives in shame,
Sodom and Gomorra with them Our Lord found fault
Time for retribution, He would sent a thunderbolt,
But first He spoke to Abraham to tell him of His plan
He was looking for a Lawyer to defend the case of Man.

Abraham did his best and did it pretty well
But it was no good, their destiny was hell,
He could not find a good man except his nephew Lot
Guess those two fair Cities were really quite a blot,
The Cities would be levelled as soon as Lot had gone
They had got that bad there was nothing to build upon.

31 The Visitation

Now Lot had two visitors of the angelic kind
Telling him to leave the place for his peace of mind,
"Don't ever look back though, it's a longing to return
Not a good idea for like them you will burn,
Seriously look forward it's the only thing to do
Never turn around, you'll be crisp before you're through."

Chorus

Angels in dirty places
Just the things to attract wicked faces,
I guess that it must be in their aura
Like the Bee goes to the Flora.

They went the following Morning as it had been planned
But their Exodus made a huge demand,
Lot's Wife she looked back which was found at fault
She just vapourised, turned herself to Salt,
The Cities were destroyed, quick they fell to flame
And what struck the match, wickedness was to blame.

Now Lot had Two Daughters who wanted Children of their own
Who thought of the Cassandra Complex and a plan was sown,
They got Lot drunk and both of them conceived
And he was that far under he was easily deceived,
So through their actions Lot's Seeds could live on
He became a dad once more, the victim of a con.

32 The Journey Goes On

Now Abraham travelled South and he expected strife
So again he had a Sister where once he had a Wife,
History repeats itself which usually is the way
And Abraham left there pretty rich, what more can I say,
Well he did leave a parting gift for insult had been done
To the women of Gerar barrenness was won.

Chorus

The journey of a Nation can be danger fraught
You have to keep your wits about you, remember what was taught,
And though sometimes you might have strife courage you won't lack
It sort of gives you comfort knowing God has got your back.

Now God came unto Sarah and Isaac came to be
Though it had a downside jealousy came you see,
She wanted Hagar out the way so Isaac could rule alone
So Abraham packed her bags and she was on her own,
She had Divine Providence though so things were not that bad
Just a Single Mother with a wayward lad.

Now Abraham had a visitor it was Gerar's King
He wanted to make peace, caution was his thing,
So they made a Covenant after swearing to play fair
And lived in mutual harmony and respect was there,
Abraham even dug a Well just to mark the place
And life got a little better, it showed a nicer face.

33 The Sacrificial Ram

Now Isaac came of age and a sacrifice was needed
So it was ordained that his life be ceded,
They must go to Mariah to build themselves a Fire
And sacrifice to the Lord as it really was a Pyre,
Abraham had reluctance but he knew it must be done
What a way to start the day to sacrifice your Son.

Chorus

Abraham what will you do
You'll kill your son before God's through,
Is this just a test of faith?
Or does God have a nasty Face.

They got up pretty early and were Mariah bound
Where they built a Fire at a place they found,
Everything was ready, the deed about to be done
Till a Voice came down from Heaven and told him he had won,
It was just a test, one which he had passed
For this act of obedience could not be outclassed.

Abraham was grateful he still had an Heir
But a sacrifice was needed, it was only fair,
So he had a gander and soon a Ram was found
The sacrifice was made, Abraham no longer bound,
He looked to God with favour now his Son was safe
So let's hear it for Isaac, a very lucky waif,

34 The End of the Road

Sarah was 127 when she met her death
It was at Kirjath-Arba the Land of the Sons of Heth,
Abraham wanted to bury her as it was the way
The Sons of Heth gave their permission he would not have to pay,
But Abraham was adamant that a deal be sealed
So he bought himself a Cave in the middle of a Field.

Chorus

Abraham you should be pleased you've led a fruitful life
You took the Bull by the horns and dealt with any strife,
And come to judgment you always proved most wise
You had the power of discernment to see through any lies.

Abraham looked at Isaac and a Wife he seemed to lack
So he sent his oldest Servant to go and bring one back,
He found Rebekah whose Face was more than fair
Who gave to him some Water which proved that she could care,
The Servant stopped the night brought her back the following day
Where she saw Isaac and fell in love straight away.

Now Abraham took another wife Keturah was her name
And she bore him many Children to add onto his fame,
It's a secret passage, one that I will pass
Except to say he sent them away but gifted them en masse,
Abraham was 175 when he finally lost his life
And went into Sarah's Cave to be buried with his Wife.

35 The Journey Explained

So the Journey of Abraham, seek and you shall find
For what it is in essence is the Journey of the Mind,
The places that he went to all had hidden meaning
You needn't look too hard to find a Spiritual leaning,
You see with Abraham's Journey, anyone can
To put it in a nutshell it's the Journey of Man.

Chorus

We go through life to find ourselves, to grow in understanding
It's not an easy thing to do some find it demanding,
I guess it is to find the Rose after the removal of a Thorn
That's when you lose your Shadow Self and are Spiritually reborn.

Now as the Soul purifies it goes through many phases
These you'll find hidden for the place names are phrases,
By the fact of his arrival he climbed another Stage
Come to the Book of Life he turned another page,
Levels of Understanding if you want to know the truth
It's just the Journey of the Soul, see it's not aloof.

Finally the blessings were just Spiritual Gifts
To help promote awareness as through the chaff it shifts,
They are actually mergences of aspects of your Mind
See by looking deeper it's surprising what you find,
The Story is found elsewhere, under another form
It's the Journey to the West, hope I don't raise a storm,

36 'E Saw you Coming

Now after Abraham's death the blessing went to Isaac
Who craved to pass it on but children he did lack,
But Rebekah was barren so he pleaded with Our Lord
Who blessed them both with Twins, a suitable reward,
They both fought each other even before they were born
The youngest would be leader but the other quite a thorn.

Chorus

Esau was the Animal side as seen by his hair
And Jacob was the Spiritual, the part that likes to care,
It was just an evolution that was got through service
Your Birth Rite is divinity, something many miss.

Esau came out first, a hairy sort of guy
And when it came to hunting he proved pretty fly,
Jacob quickly followed to save on the suspense
He was more a Plainsman that liked to live in Tents,
Now as he was first born Esau had the Birth Rite
Though it he wanted to keep it he would have to fight.

Once they grew to Adults Jacob made is play
He made himself some Potage to keep hunger at bay,
It must have smelt good for Esau wanted to try
And he was feeling faint and thinking he would die,
But Jacob wanted paying before he took a bite
And the payment that he wanted, Esau's Birth Rite.

37 His Father's Son

Famine hit the land and filled it full of terror
So under God's command Isaac went to Gerah,
Following his Father's footsteps including the con
Rebekah was his Sister, Wives he had none,
But the King caught him out, though fearing the Lord
He put him under his protection, he was safe from the Sword.

Chorus

Isaac like his Father walked in God's favour
Which enhanced his taste in life, something he could savour,
He also had his Father's luck and prospered where he went
Though this could bring out bad reaction through jealous intent.

Isaac prospered greatly but he had a price to pay
The King started to fear him and so sent him on his way,
So Isaac settled in a Valley and dug himself a Well
Though to the Native Herdsmen it very quickly fell,
He removed himself from there and then dug one more
Which went the same way, it was becoming quite a chore.

He then went to Beersheba and had a visit from Our Lord
Who told him to be strong and got an Alter as a reward,
He dug himself another Well and had a visit from the King
He wanted to make a Covenant, peace was now the thing,
Esau too was happy with Two Wives of his own
So come to joyfulness Isaac was not alone.

38 A Blessing in Disguise

When Isaac got much older he wanted to pass the blessing on
So he sent his Son Esau to fetch some Venison,
But Rebekah overheard them and they didn't get her vote
So instead of Venison Isaac just got Goat,
She sent Jacob to kill Two Kids from out of the Dairy
And wrap the Pelts around his arms so Isaac thought him hairy.

Chorus

Jacob, Jacob, you're quite a Son
You'll con your Father before you're done,
Alright on you he might not dote
But did you really want to get his Goat.

Rebekah made a savoury Meal and Jacob took it in
Isaac was suspicious at first at the length of time he'd been,
But Jacob pacified him by telling him a lie
And so he got the blessing and a good chance he would die,
For when Esau finally learned the truth he was so distraught
So being known as Esau's Twin would be danger fraught.

Rebekah came to Jacob and said that he should go
For by upsetting Esau he had made a dangerous foe,
"Go over to Laban, my Brother out in Haran
He will put you up, his hospitality isn't barren,
I advise you stay awhile, it might pay you to tarry
And perhaps while you're there, who knows you might marry."

39 Jacobs Ladder

So Isaac blessed Jacob and sent him on his way
And he settled down at Luz at the end of the first Day,
There he fell asleep and had himself a Dream
That made him like a Cat, the one that got the cream,
It concerned a Ladder that reached up to the Sky
And he ended up quite landed, what a lucky guy.

Chorus

The Ladder in the Dream is not too demanding
Each one of the Rungs was a Level of Understanding,
Once you reach the top evolution is complete
You are a Spiritual Being devoid of any deceit.

When Jacob got to Haran he stopped at a Well
Where he first saw Rachel and thought that she was swell,
She took him back to Laban who made him feel at home
And Jacob felt content, he did not want to roam,
Laban offered him a job, what wage would he demand
That was an easy choice, he wanted Rachel's Hand.

Well Jacob worked for 7 years the task was now complete
But Laban he had other ideas, he was tailored in deceit,
He had an elder Daughter Leah was her name
She would marry Jacob so there'd be no shame,
Jacob still loved Rachel though so he worked again
7 more years of work were to be his pain.

40 Evening the Score

Now Jacob had Two Wives and each one had a Maid
So come to family life plans could now be laid,
Jacob proved quite fruitful well so it would seem
For by the time it was over he had a Football Team,
Jacob now was restless thought it time that he moved on
So he thought he'd chance his arm, maybe try a con.

Chorus

Jacobs trip to Haran proved to be eventful
All those years of service must have drove him mental,
Sure I know he prospered, that I will admit
But he only got his wealth through the actions of a trick.

Jacob went to Laban and told him of his plan
Laban was reluctant as Jacob was a lucky man,
Eventually he agreed for he knew he had to go
So he asked him what he needed to help him with his flow,
Jacob said he'd take the Runts to help him get along
Then he played a trick on him so the weak was strong.

Laban wasn't happy when he heard about the trick
So Jacob thought it prudent that he might do a flit,
Rachel took some Images to remind herself of home
This made Laban angrier when he heard about their roam,
But God had a word with him told him he should cease
So when he finally saw Jacob he came to him in peace.

41 The Family Reunited

Jacob tired of roaming decided to go back
Though he was worried Esau might still want his life to lack,
He sent messages to Esau and not to be too candid
Found out to his horror that he was coming mob handed,
He divided into two so some of them might flee
And sent Presents up ahead, was this bribery?

Chorus

Jacob met an Angel and they had a real fight
And as they were evenly matched it went on all night,
The Morning come the next Day and still no one would prevail
So Jacob got a blessing and now was Israel.

When Esau finally got there he actually came in peace
After all he was his Brother so hostilities should cease,
He refused the Gifts at first and so had to be persuaded
Then left Jacob to rest as he was still a little jaded,
Jacob travelled more and next to Shalem bought a Field
Where he built an Alter, his destiny was sealed.

Now Jacob had a daughter Dinah was her name
But a local man called Sheehem defiled her to his shame,
He wanted to marry her so the Peoples' could be one
And he even contemplated having circumcision,
But Jacobs sons were livid, went on a killing spree
So Jacob in his wisdom decided time to flee.

42 Joseph Goes to Slavery

The next part of the Journey was hardly one of mirth
For Rachel his beloved died in child birth,
Benjamin was born though by way of compensation
So now he had Twelve Sons, it was a Tribal Nation,
Isaac also died, at 180 years
Basically you could say it was a journey of tears.

Chorus

Jacob had a Son and on him he did dote
His name was Joseph and he had a wondrous Coat,
It was multi coloured guaranteed to give him fame
But to all his Brothers it seemed to light a flame.

Jacob settled in Canaan dealing with his grief
Though circumstances meant he would need another wreath,
For his favourite son Joseph had incurred his brothers' wrath
With his boastful ways and a tactless gaffe,
He had told them of a Dream that meant that he was Boss
Which as you can imagine left them rather cross.

When Joseph came to see them things turned out unsavoury
For they overpowered him and sent him onto slavery,
Instead of killing him they went and killed a Goat
And smeared the blood that came from it all over Joseph's Coat,
When Jacob saw the Coat it left him distraught
It was a bad sign that his Sons had brought.

43 A Dream Come True

Joseph went to Egypt to the House of Potiphar
And having God with him seemed to take him far,
He was made a Steward, he was a powerful man
Though he did attract the attention of a most unwelcome fan,
Potiphar's Wife made a play, one destined to fail
And Joseph for his morality ended up in jail.

Chorus

Seven fat Cows eaten by Seven thin
What was that about was it Famine,
Seven Ears of Corn doing just the same
Yes that is the answer Famine is to blame.

Joseph's time in Jail though wasn't an ordeal
For with the Lord behind him he prospered a great deal,
His power of Dream Interpretation soon came into play
With the Pharaoh's Butler and Baker wanting to hear his say,
Good news for the Butler for soon he would be free
Bad news for the Baker he'd be hanging from a Tree.

The Pharaoh had two Dreams and they troubled him so
So the Butler mentioned Joseph, said that he might know,
Seven Years of plenty and then Seven Years of drought
He should stock up well as there was Famine about,
The Pharaoh was amazed and on Joseph he just doted
Where once he was a Slave now he was promoted,

44 Families, Eh!

The Famine came to Canaan and left Jacob in a state
He would have to buy some corn or starvation was his fate,
So he called his Sons, except for Benjamin
And told them go to Egypt before they got too thin,
It was here they saw Joseph though he was in disguise
He gave them quite a hard time, saying they were Spies.

Chorus

Eleven Stars shall bow before him and the Sun and Moon
The Dream had just come true, well it will do soon,
He needed Jacob and Benjamin to make the Dream complete
But he had the means, he would use deceit.

Well Joseph sent them back except for Simeon
He would be a Hostage until Benjamin would come,
He gave them Corn a plenty and they didn't have to pay
For he secretly returned the money before they went away,
When Jacob heard the news he thought Simeon was lost
He refused to send Benjamin it was too much of a cost.

Though Famine still around was to force his Hand
He sent them off with Benjamin, such a huge demand,
Joseph welcomed them and gave to them a feast
Before he sent them off again well started to at least,
For he had a Silver Cup hidden in Benjamin's Sack
So he could send his Steward to arrest and send them back.

45 The End

Joseph soon owned up and revealed his identity
And as for the great crime it was meant to be,
God had made it so, he had prepared the way
So when Famine came, he kept hunger at bay,
He told them fetch their Father so he might come and live
Joseph was now the Governor so he had a lot to give.

Chorus

Genesis is a Book sublime
Understand it and you might shine,
A Hand Book to true peace of mind
It could take away your mortal bind.

When Jacob heard the news he was full of joy
He would be reunited with his favourite boy,
He moved to Egypt, stayed there 17 years
Though like all good stories there was still more tears,
For at the age of 147 his death was close at hand
He only had one dying wish, to be buried in his Father's land.

Jacob blessed his Children before giving up the ghost
He was buried in Canaan the place he liked the most,
Joseph lived for many years, the Governor of men
Until he finally met his death at the age of 110,
Genesis finished here the Story now was done
Then it goes to Exodus if you want to carry on.
